RVRC President

Dear RVRC Members .

It is with a touch of sadness that I am writing this report because it will be my last one as your President. At the end of 2024 my five year term finishes and I wanted to start by telling you all how much I have enjoyed it . I have fantastic life long memories with RVRC - the club played a significant role in forging my career with horses. It's been an honour to have ridden and produced the most wonderful Horses and Ponies and perhaps the greatest partnership I had was with a horse called " Fair Breeze"

who not only won the Horse of the Year Show three years on the trot but ended up Supreme Ridden Show Horse of the Year (see photo) . Many leading riders of yesteryear competed at Ribble Valley and from all disciplines and it's a tribute to our club that our members have gone on to achieve great successes, nationally and internationally .It is just the same today as I watched with pride RVRC competitors showing over the years at the Royal International and Horse of the Year Shows plus of course the Stars Championships and London International - these are the Equestrian Stars of tomorrow.

I personally found 2023 to have been a strange year with many personal, family and professional commitments taking up most of my time . However I did enjoy catching up at the September Show and as always thoroughly loved my time being amongst you all again .

Sadly I couldn't make the Presentation Evening due to a previous commitment but I sent two of my closest friends to represent me -Susie Shuttleworth and Katie Duxbury . Both ladies are highly respected Judges and Competitors and each have judged at the Horse of the Year Show . Susie has also won multiple times at the HOYS and on one occasion even beat me !!. However after many years I have come to terms with it and forgiven her !! Susie, Katie and their partners had a brilliant evening just like I promised .

The Stars Championship show is always one of my favourite events and the standard plus level of competition gets even higher each year. The club had some amazing results and to all those competitors who represented RVRC; a massive thank you from all our members – you did us proud .

I attended the RVRC AGM and I can assure you that our club is in safe hands . The committee, led by an amazing Chairman, is full of enthusiasm and the hard work each do is humbling to witness. So on behalf of our Members a massive thank you to each and every of our hard working representatives . I was delighted to see that there are a number of younger committee members who deserve our support and encouragement- they are our future.

As 2024 is going to be my last year as your President I wanted to organise something special this year . Working with your Chairman and Committee we have secured direct SSAD qualifiers for the Royal International and the London International Horse Shows . These together with the BSPA RIHS qualifier will guarantee RVRC as one of the most important and prestigious clubs in the UK and hopefully that will be my legacy I can be very proud of .

It goes without saying that my involvement with Ribble Valley and all its members , past and present , is one I will always cherish.

In Loving Memory of Margery Comer

Margery was a very valued member of Ribble Valley Riding Club from time immemorial. Her passion was horses. She has been a competitor, committee member, President and Honorary Member. A very fun loving person who not only joined in but instigated the fun. Margerie's main passion is Earnsdale Equestrian which ran for many years. Margery will be sadly missed.

The simple and cost effective way to repair damaged gas & electric meter boxes

Ritherdon have been established since 1895 and are manufacturers of stainless steel products. Ritherdon design and manufacture a range of steel products for both the housing and highways sectors. For the highways there are a range of external enclosures as well as passively safe products. For the housing sector Ritherdon have a quick and simple solution to repair a damaged gas or electric meter box. Ritherdon also have a range of fire rated products providing >60 minutes protection. The repair door and frame system, simply fits over the existing damaged meter box, no matter whether there is a door there or not. These units are quick and easy to fit and provide a robust and cost effective product that will last.

Do you have a meter box door hanging off, or completely non-existent?

So from having a unit that looked in total disrepair and unsafe to safe, durable and smart looking solution.

Ritherdon doors and frames are made from steel, they offer a robust replacement rather than more plastic and are aesthetically pleasing. There are a range of units to fit all possible dimensions of both gas and electric units. With knock out parts for the pipe work, there is no need to involve the utility company, therefore, not incorporating the expense of disconnecting and reconnecting.

As you are not touching the utilities, the fitting of a unit does not have to be done by a qualified electrician or gas safe person and is installed within 5-15 minutes.

Keeping horses fit and active in their later years is highly beneficial for all-round health and well-being. A veteran horse's diet must reflect their energy requirements for maintaining weight and providing fuel for work, whether that be light hacking or competing regularly. Veteran Light is ideal for those that are prone to laminitis or hold their weight well. Veteran Vitality provides extra calories for those that need more energy or struggle to maintain their weight.
